

In Summer term 2018, Year 10/11RB will be learning about....

Subject:		Unit & Content Overview:
English		We will be completing 2 AQA units on gardening and baking. We will explore a range of texts linked to practical activities and writing and mark making linked to the topic. We will continue improve our reading skills also.
Maths		We will be completing units on shape and length. We will also continue to revisit number and simple calculations.
Science		We will be exploring magnets and magnetism and complete an AQA unit on this. We will also complete science work based on baking and gardening linked to English topics
Computing		Our focus is Core skills, using ICT to access and interact with media, recording sound and engaging with a screen and making choices.
PE		We will be participating in outdoor education, which will include developing our balancing, turn taking and independence skills. We will also be practising our athletics skills in preparation for Disport.
RE		This term we are studying Sikhism.
PHSE		We are looking at different jobs, job roles and people who help us.
Geography		We are completing an AQA unit on Exploring the Countryside. We will be engaging in lots of learning outside and in the community and parks
Options	Life Skills	This term our topic is 'engaging in the world around us'. We will go out into the community and explore activities we can take part in and how we should behave when we go out in the community.
