IMPORTANT UPDATE ABOUT SUPPORT FROM THE CARERS' SUPPORT SERVICE

You may or may not be aware that following government guidance, the Carers' Support Service has suspended all face-to-face activity. Our offices are closed to the public but we are still providing information and support over the phone, by text and email. To ensure we can offer support for as long as possible, staff are mostly working from home, with a minimal number present in the office to take calls and coordinate support. Please contact us on our usual numbers (or by email) if you would like to speak to someone about your caring role. It may take us a little longer than usual to respond to your call, but remember we are here to listen and support you at this difficult time.

Staff will begin calling Carers who are caring for those in the 'high risk' categories and those Carers who are at high risk themselves. If you receive a call from an unknown or withheld number, it could be us checking you are ok- we will leave you a message when we can.

If you have access to the internet, there is lots of information and useful links on our website and we will continue to circulate information via Social Media- if you do not have access to this information, just give us a call. We would urge you to follow government advice to keep yourselves and your Cared for Person safe, we all need to do our bit. Take care and best wishes from
