

In the Autumn term 2018, 78TT will be learning about....

| Subject: | Unit & Content Overview: |
|--------------|---|
| English | <i>Students will be developing their independent writing skills. They will also be exploring books to deepen their understanding of different stories. This will be based on our current Topic 'The Medieval period'.</i> |
| Maths | <i>Students will use Numicon, Unifix and other manipulatives to support their learning and to develop their understanding of key concepts from areas within number, shape, space and measure and handling of simple data.</i> |
| Science | <i>Students will be learning about the different animals that surround us and where they can be found in nature.</i> |
| Computing | <i>Students will be working on their basic ICT skills and develop these using a range of input devices.</i> |
| PE | <i>Students will have the opportunity to participate in rebound therapy. They will also develop their fine and gross motor skills.</i> |
| DT | <i>Students will be experimenting with a range of media to create either a wooden pencil case or sensory box.</i> |
| MFL - French | <i>Students will be practising greetings in French. They will experience different celebrations and explore the French language associated with these.</i> |
| Music | <i>Students will be exploring different sounds using handheld percussion instruments.</i> |
| RE | <i>Students will be exploring the different saints and heroes which have lived in the past or that currently exist.</i> |
| Art | <i>Students will be looking at natural forms in a variety of ways. They will explore the lines, patterns, textures and colours which can be found in nature.</i> |
| PHSE | <i>Students will be exploring turn taking activities and will begin to develop an awareness for democracy.</i> |
| Humanities | <i>Students will be exploring medieval times using pictures and symbols and music.</i> |
