

In summer term 2019, year 11 will be learning about....

Unit & Content Overview:	
Subject:	AQA GCSE: Revision GCSE group. Compilation of ELC portfolio.
English	AQA GCSE: Revision GCSE group. Compilation of ELC portfolio.
Maths	Students will be studying Physics this term. They will be learning about electricity, magnetism and waves. They will be building circuits and exploring conductors and insulators, whilst also learning about the electromagnetic spectrum and how magnets work. Pupils will complete work towards unit awards, Entry-level certificates or GCSEs.
Science	BTEC ITQ Level 1 (Unit 125: Presentation Software): Students will learn how to create professional and effective presentations. They will also learn how to interact effectively with an audience and share information.
Computing	Entry Level Certificate: Athletics and Striking and Fielding Activities.
PE	Expressing beliefs - Places of Worship: This unit builds on the Y7/8 Community and Y9 Places of Worship units, exploring religious expression such as faith members' expressions of identity, looking at different expressions in different faiths and denominations. Students will make links with a local place of worship and contrast with a place of worship from a different faith.
RE	Employability: Students will be creating CV's and practising interview skills.
PSHE	Using an Atlas and Globe: Students will be researching information about different countries using primarily an atlas and a globe. They will read and interpret data from these sources before setting investigations to continue research using different methods of research e.g. the internet.
Geography	BTEC: Through observation and practical experimentation students will explore their own creativity and look at the materials, techniques and processes needed to create a painting for fine art work.
Art	AQA Unit Award: Making a bird feeder. Students will follow an engineering drawing to create a bird feeder
DT - RM	AQA Unit award 84427: Healthy eating.
Hospitality	AQA Unit award 71394: Introduction to dishes around the world.
Sport	BTEC Sport & Active Leisure: Unit 6: Taking Part in Exercise and Fitness Activities. Completion of portfolio.
Performing Arts	BTEC Performing Arts Unit 13 (Level 1): Solo Performance. Students will devise and perform their own performance.
Creative Media	BTEC Performing Arts Unit 3 (Entry Level): Developing a sense of performance.
Land Studies	BTEC Level 1 (Using the Internet): Students will complete Unit 3 - Using the Internet for their BTEC Accreditation work. They will identify different ways of accessing the internet, how to remain safe and interacting with online platforms.
Lifeskills	BTEC Land Studies Unit 15: Maintaining safety of self and others BTEC Land Studies Unit 11: Managing your health at work In ASDAN Towards Independence we are studying the theme of Personal Care Routines. We are exploring keeping clean and smart, getting ready for the day, making yourself look good, and how to use local services for personal care.
