Head Teacher: Tracy Millard

Dear Parents and Carers

Monday 10th December

Students in year 10 take part in work experience to compliment the work that they do in PSHE about employability and to develop their confidence and independence in preparation for transition.

This year, 10SB will complete their work experience from 25th to 29th March and 10SD work experience will be from 1st to 5th July. In order to prepare for this, could you please discuss and complete the form overleaf with your child and return this to school. Students will also complete this activity in team bases.

We are always looking for new ideas and contacts for this crucial experience for our students. If you have any links or ideas that could help, please get in touch

Yours sincerely

Donna Millward
Assistant Headteacher/KS4 Lead
