Dear Parent/Carer

We are writing to tell you about some exciting changes regarding the support available to parent carers within North Lincolnshire. After speaking to, and listening to what carers want locally we have developed a new carer's service which will support carers within North Lincolnshire, both parent carers and carers of adults. The new service will be called The Carers Support Service. The service's main office will be in Brigg, the service will also be providing support at various locations across North Lincolnshire.

We see this as a fantastic development which will allow carers to access a wide range of support across the area; the new service will also mean that as your child becomes an adult your support as a carer will remain with the same service.

Kaleidoscope has thoroughly enjoyed supporting North Lincolnshire parent carers over the past 17 years and is excited to see the new developments. We have been working closely with The Carers Support Service to ensure the transition goes smoothly. The Carers Support service will be in contact in the next coming weeks to let you know their programme of support.

We appreciate that as parents carer you may have questions regarding this change, therefore please do not hesitate to contact Roxanne Kirby on 01724 407988.

Kind Regards
