21 January 2021

Dear Parents/Carers,

As many of you may already have seen in the news, the Department of Education have announced that all Schools should suspend daily 7-day testing for any students or teachers that have been in direct contact with someone who is positive within school. Instead of being tested daily they will have to follow Government guidance and self-isolate for 10 days.

Schools will however continue testing students twice within a 5-day period.

As school has been closed to the current attending cohort of students, school have been unable to test students twice within a 5-day period so will re-start testing students with their two tests.

Can those parents that sent consent please look out for further text messages from school informing them when to attend for their child's two tests.

We also write to update you, now that the national voucher scheme for free school meals is up and running we are going to be changing over from food parcel deliveries to the voucher scheme for those students who are currently at home and entitled to free school meals.

We will be moving over to the voucher scheme from week beginning 1st February which means that the last food parcel delivery will be next week.

Please can you contact school to let us know if you are unable to access the internet and will be unable to convert the e code you will receive into a supermarket voucher.

We will send out more details of how the scheme works next week.

If you have any concerns, please contact the school either by email admin.sthughs@northlincs.gov.uk or telephone on (01724) 842960.

Kind regards

T. J. Millard
