Thursday 6th June 2019

Dear Parent/Carer,

Re: Parent Views of Science Questionnaire 2019

As Science Subject Leader I am keen to collect your views on your experiences of Science at St. Hugh's School. To do this I'd really appreciate you completing the attached short questionnaire and returning it to school by Friday June 14th.

I'd like to find out your views on homework and whether there is anything else we can do to support you in helping your child with their Science work.

If you have any questions or queries regarding the questionnaire or any of the information within it please do not hesitate to contact me at school.

Thank you for your continued support.

Sophie Duckworth-Mills

Science Subject Leader

Parent Views of Science Questionnaire 2019

Name of child: _____

Team: _____

Parent/guardian	<i>Strongly disagree</i>	<i>Disagree</i>	<i>Don't know</i>	<i>Agree</i>	<i>Strongly agree</i>
My child enjoys Science lessons					
My child has a general interest in Science					
My child enjoys practical work in Science					
My child is doing well in Science					
I know my child's strengths in Science					
I know my child's areas to develop in Science					
I feel my child is challenged appropriately in Science lessons					
I am happy with the information I get from the school about how my child is doing in Science					
I would like my child to have Science homework					
I feel confident in helping my child with Science at home					

1. How often would you like homework to be sent home? (circle your answer)

Never / Once a week / Once a fortnight / Once every half term / Other - please state

2. What type of homework would you prefer your child to receive?

3. Is there any other way the school could help you to help your child with Science?

4. Is there anything else you want to tell us about Science at St. Hugh's?

Thank you for taking the time to complete this questionnaire
