11th May 2020

Dear Parents/ Carers

I hope this letter finds you well, and feel that you have had support and advice from school as needed over the past few weeks.

I am writing to explain to you, that the Government are asking with regard to your child's learning certain actions to take place. These actions include ensuring we are supporting you to complete where necessary physio programmes, working towards speech and language targets, working towards targets on your child's EHCP and personal achievement plan outcomes, including work taking place at home.

This will mean that you may receive a number of different calls across each week to make sure the right person speaks to you at the right time, for example you might get a call from the Team Base Teacher about your child's leaning or a call from the Physio Assistant about your child's physio programme (if they have one). In addition you might also get a general wellbeing call from someone in school for example from Mrs Jones or Mrs Hale. If your child is accessing a school place the teambase teacher will still ring you weekly in order to maintain communication.

You are getting these different calls because the government have instructed us what we have to do during this period of time if a student is learning from home. After we make these calls we then have to report back to our Local Authority updating them that we have made contact with yourself and how we are working to support your child's Education Health Care plan.

When we ring you please use this opportunity for any questions to be answered and to share anything you feel is relevant with school.

Last night the Government identified how we would move to phase 2 and then to phase 3 in order to start to ease lockdown. As and when the situation may change in school I will endeavour to communicate this to you in a timely manner. You will receive our communication through email and a text alert that an email has been sent. I thank you for your ongoing support. Stay Safe and take care.

Yours sincerely

T.J. Millard
