Head Teacher: Tracy Millard

15th July 2019

Dear Parent / Carer

As you are all aware we are living in a much more digital world, where our students have lots of access to social media.

Moreover, children are going online earlier as they see the online world as creative, fun and exciting. Keeping up to date with the changing technology can be a challenge but it is important as a parent that you take on this challenge and treat it like any other parenting task.

O² have set up a new service to support parents (working alongside NSPCC), in helping them to keep their children safe online. The service offers support on setting up parental controls, adjusting, privacy settings, understanding social networks and more. It is a free help and advice service which can be accessed via the email <https://www.o2.co.uk/help/guru> or simply by going into the nearest O² branch (in Hull) and booking an appointment to speak to a guru.

You do not have to be an O² customer to use this facility.

Yours sincerely

T Millard (Headteacher)
