Health, Safety and Hygiene

Dear Parent/ Carer,

This is another reminder to ensure your child has the appropriate non-slip footwear with adequate grip to avoid any unnecessary slips, trips or falls within P.E. A natural rubber sole will provide the most grip, running trainers are a prime example of this.

Secondly due to a high number of our students participating in lunchtime clubs involving physical activity, please could you ensure they bring their P.E trainers on a daily basis or most certainly on the days they are involved in a sports clubs.

Finally please could you ensure your child brings a towel and shower gel along with their P.E kit when they are timetabled for P.E.

Thank you for supporting Physical Education with regard to the above, ensuring our students safety and maximum involvement within their P.E sessions.

Kind Regards

Andy Holt

Mr. A Holt
