Head Teacher: Tracy Millard

19 January 2018

Dear Parents/Carers

I am writing to inform you that, yet again, we have cases of head lice in school. We always inform parents of the student concerned immediately and also the rest of the class group. At this time this does not seem to be preventing reoccurrence.

As a school we have taken the decision that if we have informed parents on more than one occasion that their child has head lice and the child is still infested when they return to school, then we will have no alternative than to ask them to remove the child immediately and not return them until they have been successfully treated.

Should anyone have any worries about this, please feel free to contact me at school.

Many regards

T.J. Millard
