Guidance to using your booked Group Based Short Break

Please arrive for your session no earlier than 10 minutes prior to the start time.

Please be aware that there may not be toilet/changing facilities at the venue so please ensure your child/young person has used the facilities prior to arriving at the session. You will also need to bring your own drink with you as this will not be provided by Short Breaks.

As some of the short break will be taking place outdoors, please wear suitable clothing and apply sun cream according to the weather. If the weather is not appropriate on the day we will contact you by telephone at least one hour prior to the session start time. Please ensure your child/young person is aware that this might happen if for example it is raining or predicted to rain.

On arrival please wait by your car in the venue car park. You will be met by a Short Breaks worker who will guide you to where the short break will take place. Social distancing guidelines must be adhered to at all times.

You will be asked whether your child/young person and anyone else in your household has any signs/symptoms of COVID 19. Wherever possible we would advise you contact us prior to arriving at the session should this be the case. Your child/young person will then be asked to sanitise their hands with sanitiser prior to the start of the session. They will be asked to do this during the session and when it is time to go home.

The safety and well-being of our children/young people and colleagues is always our number one priority - and never more so than now, during the Coronavirus outbreak. We are following guidance provided by the Government and will make sure all equipment is sanitized prior and after use.

At the end of the short break session, parents/carers will be asked to collect their child/young person at staggered intervals. Dependant on the venue, you will be requested to leave under the direction of the Short Breaks staff, for example there may be a one way system in place. The Short Breaks staff will speak to you as a parent/carer after the session but maintaining social distancing at all times. This will enable you to get some feedback as to how the session has gone for your child/young person.

We hope that your child/young person is able to enjoy their short break and we welcome feedback from you at any point.

We look forward to seeing you all at one of our Group Based Short Breaks.
