Head Teacher: Tracy Millard

9th September 2020

Dear Parents/Carers

Thank you for everyone's support this week. Students are keeping to the systems in school really well. We have made a few changes to our systems, for example, in Key Stage 4 the teachers are moving the majority of the time and the students are remaining in their classroom. Next week off site learning commences for Key Stage 4 for chosen option groups. As a consequence, students who will be attending have been prepared regarding the different systems implemented at the other provisions they will be visiting.

As from the week commencing Monday 28th September 2020, students in Key Stage 4 are invited to purchase a school lunch if they so wish. Currently for Key Stage 3, a school meal is provided for those students of Key Workers and Free School meal **full time** students only. Over the next 3-4 weeks we will be contacting parents individually, in order to increase part time student's attendance in school. Please be patient as we carefully think through and manage how we increase attendance safely.

At times we find ourselves in a fluctuating position trying to safeguard our students and by doing so, ensure that the staff in student bubbles are maintained. This occurs when staff are absent for a specific reason.

If the below circumstances arise there may be occasional instances where school will have to contact you to inform you that your child will not be able to attend school. We will endeavour to give you as much notice as possible however this maybe near the end of the day when being requested not to come in the next.

- If staff are unable to attend school for extended periods of time we will not be able to supply cover which may result in a basic health and safety issue of not having enough staff to maintain student attendance.
- If we receive advice from Public Health to advise that certain staff or bubbles need to self isolate.

I apologise for the inconvenience if and when this occurs however, I know I will have your full support ensuring that our bubbles are maintained and staffing ratios are appropriate in classrooms. Safety is our first priority.

Communication will be emailed directly to yourself in these situations. Where appropriate we will endeavour to send a text message also. In these instances school will provide learning to be completed at home.

Kind regards

T. J. Millard
