

Testing at school

I will enter the school through the fire door for my test.

I will take my test in the meeting room.

My parent/carer will help me to take my test.

It might feel strange when I take my test. This is OK.

If my test result is positive I have coronavirus. I must go home and isolate. this

is OK. An adult will tell me if my test is positive.

I might feel poorly but my parent/carer will help me.

I might feel OK but I need stay at home to keep other people safe.
